

Life After National Blue Ribbon

Sheila M. Harrity, Ed.D.

Superintendent-Director

Montachusett Regional Vocational-Technical School District

A Proud Moment

This year, the United States Department of Education has recognized 349 schools with the National Blue Ribbon School Award. These schools are as diverse as the student populations we all know and serve, representing:

- Public
- Private
- Traditional
- Charter, and
- Magnet schools

And the schools recognized here today represent **less than one-half of one percent** of the schools across the United States.

Transforming a School

- Lowest performing high school in the city
- One of the lowest performing vocational/technical schools in MA
- Cautious faculty

Creating a Culture of Excellence

- Community and businesses came together to build a \$90M facility
- Everything new
 - *New address*
 - *New name*
 - *New mascot*
 - *New principal*

We Needed To

- Seize the transformational moment
- Create a new vision and mission
- Prepare all students to graduate career and college ready
- Implement the new small learning community model
- Improve student outcomes

Build In Rigorous Academic Courses

- AP Biology
- AP English Language
- AP English Lit. & Comp.
- AP Statistics
- AP Calculus
- AP Computer Science
- AP Environmental Science
- AP Physics
- Advanced Algebra* 3 College Credits
- Spanish 1* 3 College Credits
- Spanish 2* 3 College Credits

**Taught by the Community College as College Courses*

Worcester Tech. HS Enrollment

in AP math, science and English

College Readiness

Articulations

- *Over 30 articulation agreements*

Dual Enrollment

- *Numerous school and district dual enrollment opportunities with 10 local colleges*

Remedial College Courses

- *Vision Project for Math and English with the Community College*

Early College Credits & National Skill Standards

Biotechnology

- STEM Club
- Premier Advisory Board
- College Advisory/Pipeline
- \$825K donation UMMS
- Developing Articulations
- 100% 4-yr Placement

IT Students

- Earn up to 18 dual enrollment college credits with Northeastern University
- Cisco national exams in A+, wireless, networking & security

Early College Credits & National Skill Standards

Electrical

- LEEDS Certified Construction
- Photovoltaic/Wind
- Smart Grid Beta Testing
- National Grid Engineering Pipeline Program

Electromechanical

- VEX Robotics Club
- 2013 VEX Robotics World Champions

Authentic Learning

- Community Veterinary Clinic
- 125 Seat Restaurant, Café/Bakery
- Full Service Salon
- 16 Bay Automotive Department
- Auto Collision Department
- State Approved Pre-School
- Web-based IT Help Desk
- Credit Union

Partnerships with Area Colleges & Universities

Solar Decathlon China

Datong, China – August 2013

- 1 of 23 teams selected from around the world to compete in the design/build of a zero-energy home.
- Collaborative effort of the U.S. Department of Energy and the China National Energy Administration.
- WTHS students provided the construction skills and labor.

WPI

That's
impossible

Someone
like you

Just
give up.

**doubt
kills
more
dreams
than
failure
ever
will**

You can't
do that.

try.

You can't
do it.

Opportunity Presented Itself

Montachusett Regional Vocational Technical School District

Fitchburg, MA

- **25 Miles North of Worcester Tech**
- **Independent Regional Vocational-Technical School**
- **Serving Over 1,400 Students**
- **Eighteen Cities and Towns, Two Gateway Communities**
- **2nd Largest Regional School District in State, Geography**
- **3rd Largest Vocational School in the State, Number of Students**

Initial Challenges

- Lack of Stable Leadership
 - *5 Superintendents in 4 years (2 Acting, 1 Interim, 2 Full-Time)*
- Climate of Mistrust
- Comfortable with Status Quo

We Needed To

- Build a Transformational Culture
- Create a Shared Vision
- Challenge the Status Quo, and Build in Rigor
- Prepare all Students to Graduate Career and College Ready
- Improve Student Outcomes

Replicate What Works

Authentic Learning Experiences & Industry Recognized Credentials

Business Technology

- OSHA 10-hour General Industry Training Certification
- Microsoft Office Specialist
 - Word
 - Excel
 - Access
 - Outlook
 - PowerPoint
- Articulation Agreements with with 2 area colleges, totaling 25 college credits

Monty Tech, in partnership with the Massachusetts Division of Banks and Workers' Credit Union, has established a full-service bank on the school campus.

The bank has hired and trained our students as Bank Tellers, and is providing additional training opportunities for students interested in pursuing careers in finance.

WORKERS
CREDIT UNION

Banking that works.

Next Steps: *Embed 1st year of Associate's degree (Business/ Marketing) into high school program.*

- Testout PC Pro Exam
- Security+
- Linux
- Embed AP Computer Principles
- Articulation Agreements with 17 colleges, totaling 24 college credits

Expand: Make a Good Program Even Better

Authentic Learning Experiences & Cutting Edge Technology

Machine Technology

In March 2017, we were awarded a \$435,856 grant to enhance the Machine Technology program. In partnership with the L.S. Starrett Company, and Snap-On Tools, we renovated the shop space, creating a metrology lab, which would allow us to train students in precise measurement techniques. We purchased new milling machines, inspection tables, clamps, calipers, an HDV digital comparator, vision system, and updated software.

As a result of this collaboration, Monty Tech is the first (and only) Snap-On Certification Center in Massachusetts.

**Monty Tech
Metrology Lab**

Expand: Make a Good Program Even Better

Authentic Learning Experiences & Cutting Edge Technology

Engineering Technology, Electrical, and CAD Drafting & Design

In June 2018, we were awarded a \$495,000 grant to enhance the Engineering, Electrical, and CAD programs. In partnership with a number of local electrical companies, instructors are developing a state-of-the-art A.R.M. (Automation, Robotics, and Mechatronics) Lab and in response to regional workforce needs, student interest, and the critical shortage of high-quality electronic system control and fabrication training programs in the area.

Our students will be better prepared to fill positions such as:

- Manufacturing Technicians
- Robotics Technicians
- Automation Technicians
- Manufacturing Production Technicians
- Moldmakers
- Drafters

Embrace Technology & Create Meaningful Professional Development Programs

In 2015-2016, All teachers, paraprofessionals, and guidance counselors were provided with Chromebooks. Professional development programs were offered for teachers at every level.

In 2016-2017, we rolled out a full 1:1 initiative, providing all 1,145 students with Chromebooks. Professional development efforts continue to target increased use of technology in the classroom.

- 1** Chromebooks 101
Level: Beginner
- 2** Google Apps 101
Level: Beginner/ Intermediate
- 3** Designing a Google Classroom
Level: Beginner/ Intermediate
- 4** Chrome Apps & Extensions to Support Struggling Learners- Going Google!
Level: Beginner/ Intermediate
- 5** Google Apps for Administrative Assistants
Level: Beginner

Challenge the Status Quo: Build In Rigor

- AP English Language and Composition
- AP English Literature and Composition
- AP Statistics

Becoming a certified PLTW

Instructor

Summer 2017:

PD Human Body Systems

Summer 2018:

PD Principles of Biomedical Science

Launching New Courses

Fall 2018,

Principles of Biomedical Science

Students explore concepts of biology and medicine to determine factors that led to the death of a fictional person. While investigating the case, students examine autopsy reports, investigate medical history, and explore medical treatments that might have prolonged the person's life.

Spring 2019:

Human Body Systems

Exploring science in action, students build organs and tissues on a skeletal mannequin, use data software to monitor body functions such as muscle movement, reflex and voluntary action, and respiration; and take on the roles of biomedical professionals to solve real-world medical cases.

- Monty Tech program will serve pets from low-income families, providing well-visits, diagnostic services, immunizations, minor surgeries – all at a reduced rate
- Collaborate with post-secondary partner, Becker College
 - Students will earn a minimum of 6 college credits while still in high school, at no cost to the student
 - Becker College has offered a \$100K annual endowment for the doctor of veterinary medicine overseeing the clinic
- Program will be NAVTA accredited
- Monty Tech students and instructors are building the 7,500 sq. ft. facility, saving the district more than \$1M in labor costs

Rely On Your Partners...Big and Small

PHASE I: Design & Construction

TOTAL PROJECTED COST: \$2,250,000
(7,500 sq. ft. - \$300 per sq. ft.)

PHASE II: Equipment, Supplies and Materials

TOTAL PROJECTED COST: \$502,797

Project Made Possible By:

- Grants, Public & Private
- Individual Donations
- Corporate Sponsorships
- In-Kind Services & Discounts

“These kids are getting real-world, hands-on experience building what will ultimately be a wonderful clinic that will serve this community and all the communities around it. I can’t think of a bigger win-win. I am really glad to see it going forward, and I can’t wait to see the finished product.”

- Governor Charlie Baker

YOU ARE CORDIALLY INVITED TO THE

Ribbon Cutting Ceremony
for the
Monty Tech
Veterinary Clinic

WEDNESDAY, OCTOBER 24, 2018 AT 12:30 PM
1050 Westminster Street, Fitchburg, Massachusetts

Please join Governor Charlie Baker and Dr. Sheila Harrity, as they celebrate the completion of the new Monty Tech Veterinary Clinic. After the ceremony, tour the clinic, meet the staff and students of the new Veterinary Science program, and enjoy light refreshments.

Please RSVP by October 17th

Life After National Blue Ribbon

- Responsibility comes with Effective Leadership -

- Call to action: never be content
- Be the kind of leader you would follow
- Support creativity
- Give others room to grow and dream and achieve
- Reach out to help a neighboring school/ district
- Share best practices
- Represent your educational community on boards, committees, foundations, etc.
- Present your story at local, state, and national conferences- share your success
- Never forget to recognize and celebrate achievement
- Seek creative and meaningful ways to evolve and change
- Continue to develop personally and professionally so when the next great opportunity presents itself, you are READY!

“Change will not come if we wait for some other person or some other time. We are the ones we’ve been waiting for. We are the change that we seek.”

- President Barack Obama
